JANET.

To a very nice girl. Thanks for helping me with typing all the time. HAVE fun this summer. Good luck in the years to come.

JANET

To a very
NICE girl Good
lucky year

SHARON

Thomas

Your

FRIEND, DEB

J.B.

JANET

I really will miss
you, infact I will miss
everyone, well good

luck next year

I will tell Richard

you said hi!

Best Wishes

Marge Dager

Fonest

Even though we fought
all year it has still
been fun knowing you

Longing with love

JANET
Good luck in THE YEARS
to come and also HAVE
a NICE summer. SEE
you next year

It's been a lot
of fun getting to
know you, because
last year I just knew
you were an 8th grader,
but you're a real sweet kid
in a way.

Tracy & Trina

A TIME FOR PEACE.....

...IT'S NOT TOO LATE

A TIME TO LAUGH

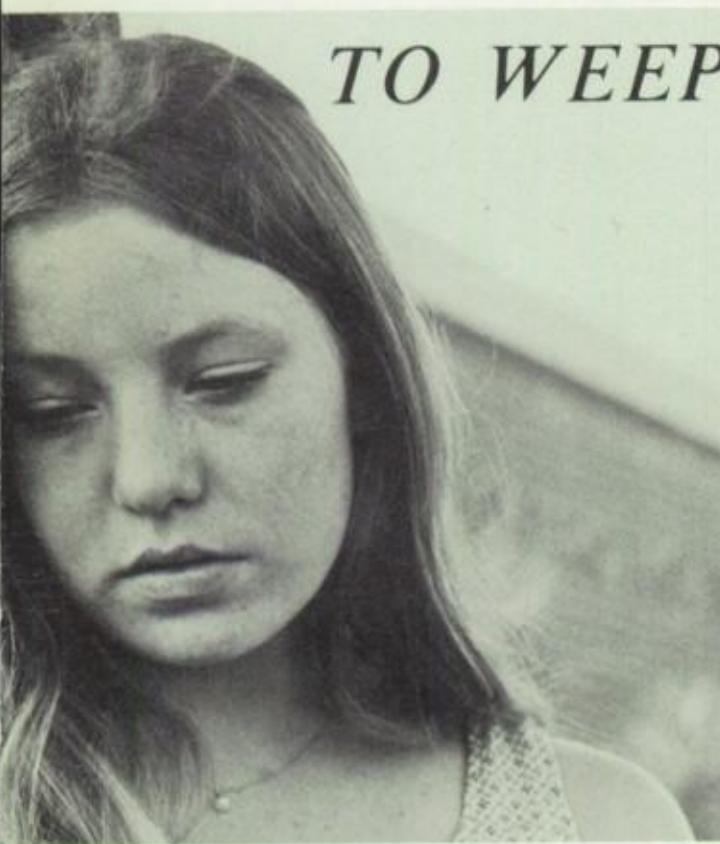

A TIME TO DANCE

*AND A TIME
TO MOVE*

TO WEEP

**A TIME TO
BUILD UP....**

**...A TIME TO
BREAK DOWN**

To one of the
sweetest girls I know.
I hope that in time to
come you'll get John
to like ya. Be well if
you can get that dumb
girl away from him.
Good luck in years to
come. Have fun
Sue,
Angela

Mr. Alfred E. Dakin came to Ontario High School this year as our new Principal. He was previously the Vice-Principal at Montclair High School and has been with the Chaffey District for eighteen years. Mr. Dakin says he feels the tremendous spirit at O.H.S. is mirrored in the fine relationships among students, faculty, and administration.

This past year we have been privileged to have with us Dagmar Kresse from West Germany. She has lived at the home of Mr. and Mrs. Charles E. Sanchez, and Sharon and Karen have been her American sisters. A member of the Class of 1972, Daggi has participated in many activities on campus, besides taking a full schedule of classes. She belongs to the Girls' Athletic Association, Z Club, and California Scholarship Federation. She was a member of Drill Team and was elected as Band and Drill Team Queen. It's been wonderful having you here, Daggi, and we hope our next exchange student will be as great as you are!

Miss Fish

Mr. Larson

Mr. Mann

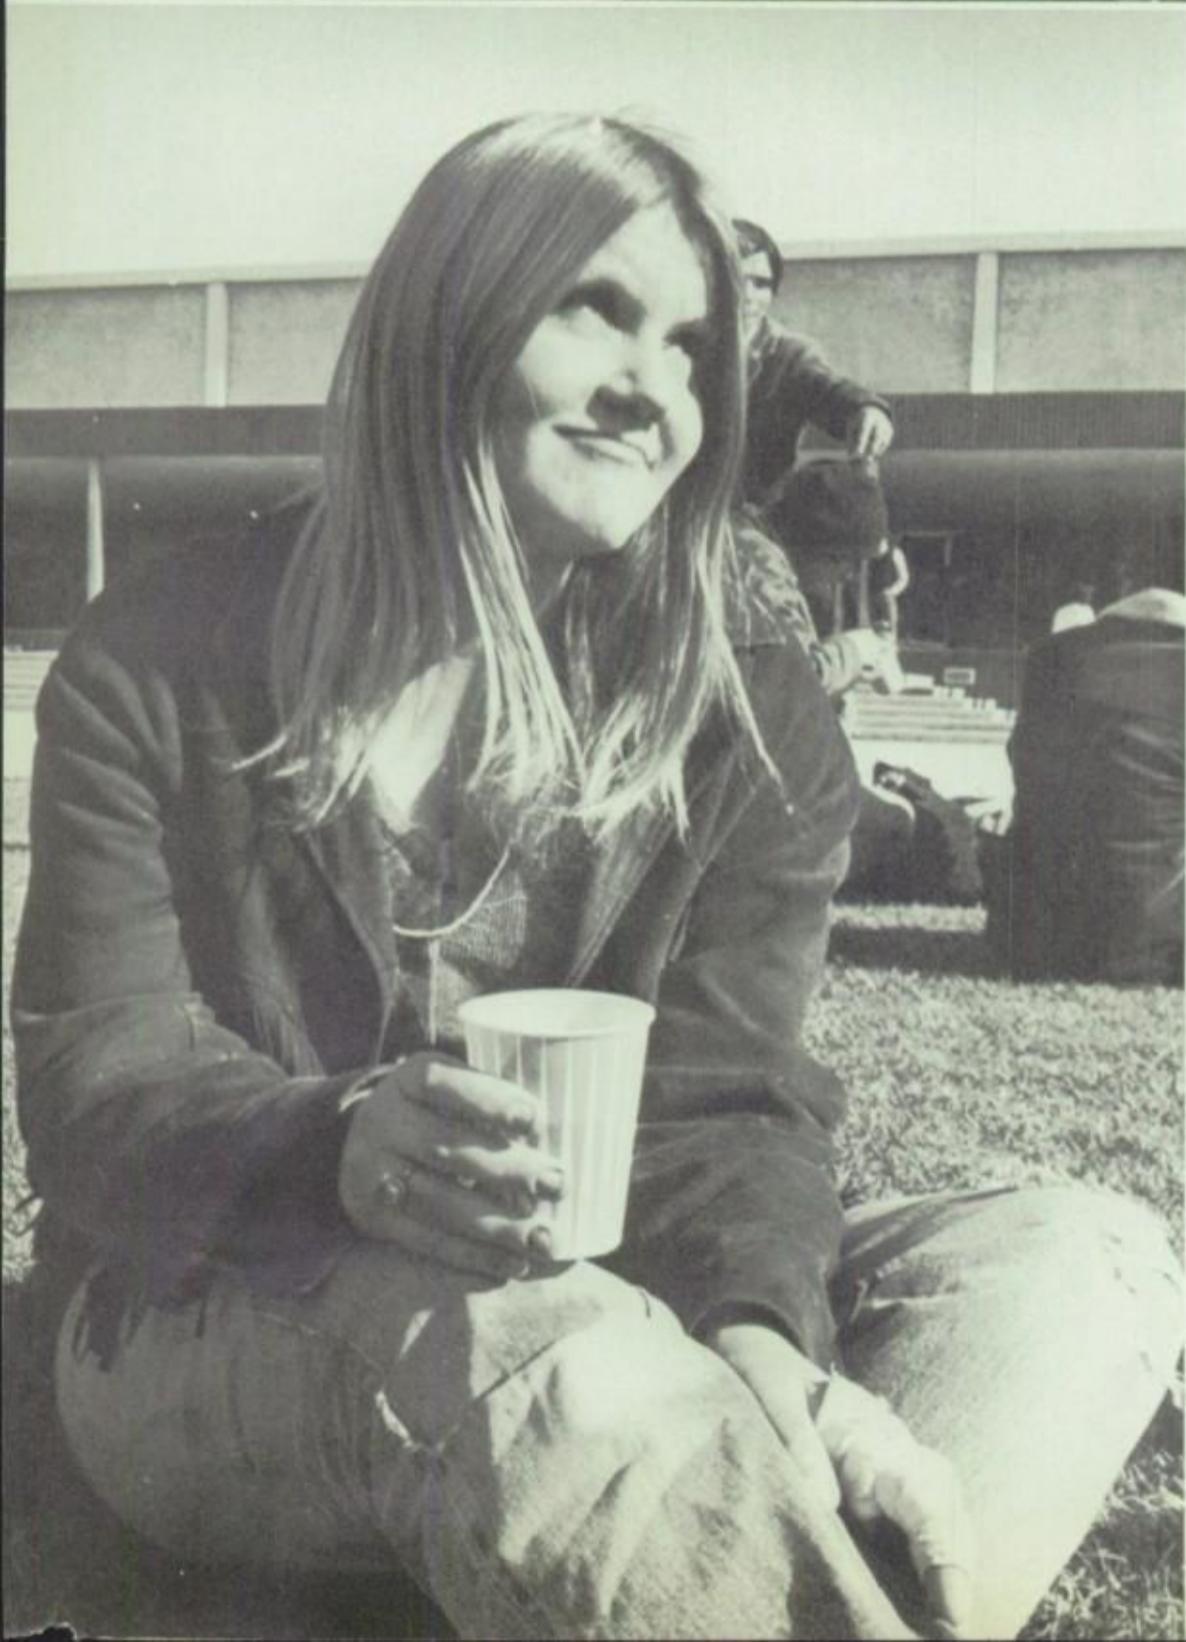

Mr. Medure

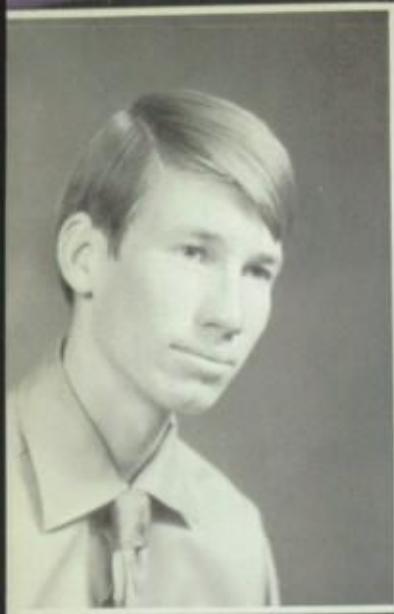

Through all the dreams we've dreamed
Through all the thoughts we've thought,
Through all the nerves we've damaged,
There still remain these thoughts;

"As a while instead of a portion,
We have all expressed our devotion
We have been successful,
Where others have been defeated.

For some, this is a time of joy,
For others, a time for sentiment,
However, it is now time for us,
To take our individual positions in life-
In a world, which will soon be ours."
May God Bless us all.

SPORTS

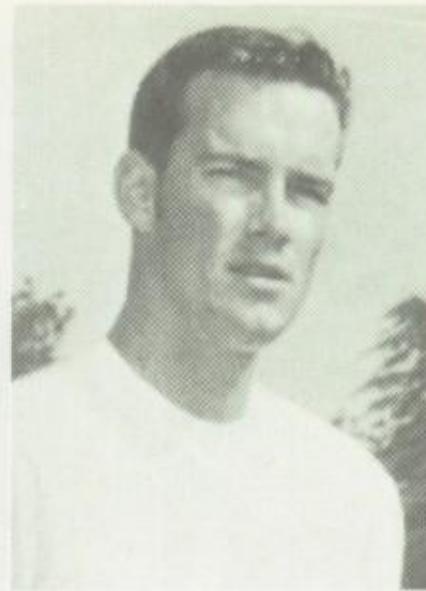

Assistant Coach
Dan Sweeney

It is not possible to produce a winning team unless that team is coached by a winning coaching staff, and that is exactly why the Varsity Football Teams at OHS have been so successful since the opening of our school 5 years ago. The pride, determination, and good sportsmanship which the team members possess has been instilled in them by these outstanding men.

A R T

Mrs. Stocks

The art department endeavors to make its program appropriate to the student of high school level. Student readiness and ability varies somewhat from year to year, so that certain more ambitious projects may be assigned to or dropped from the curriculum as the need varies. However, a well-rounded curriculum is planned so that all general goals have the potential of being reached.

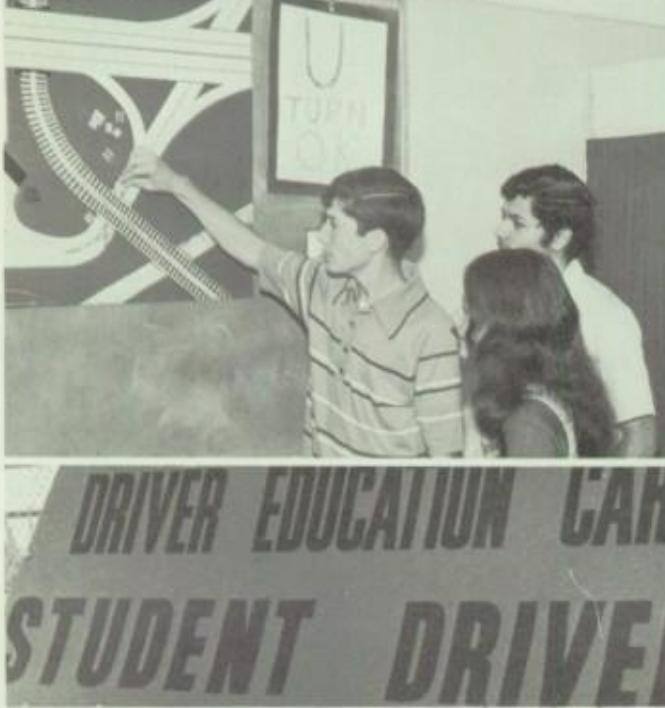

B U S I N E S S

Ontario High School is striving to update and revise its curriculum offerings so that each student might obtain the maximum benefit, whether his aspirations lie in further formal education or in entry level employment. The Business Department is devoted to helping the student achieve his or her own goal.

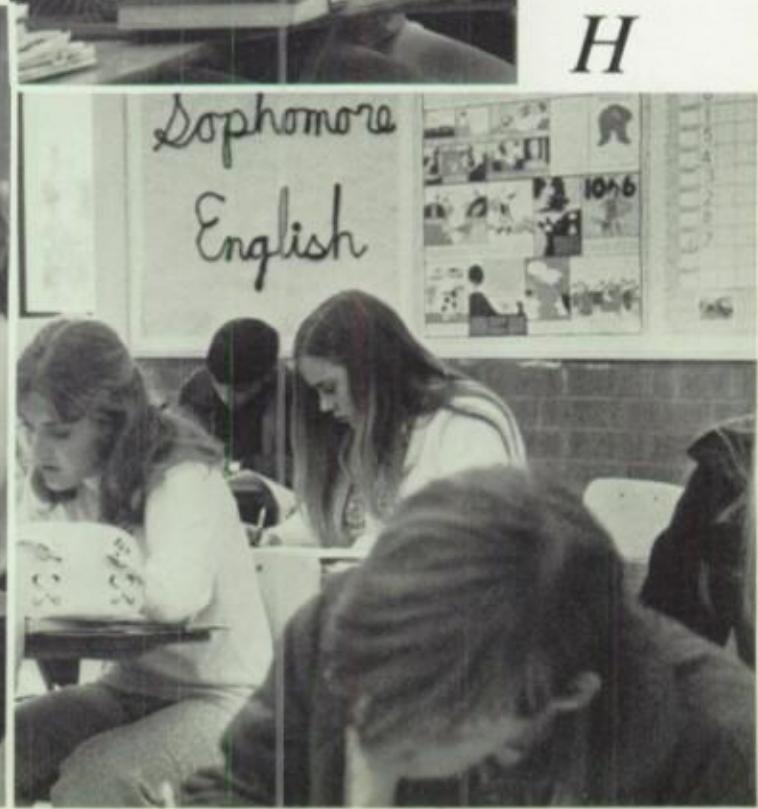

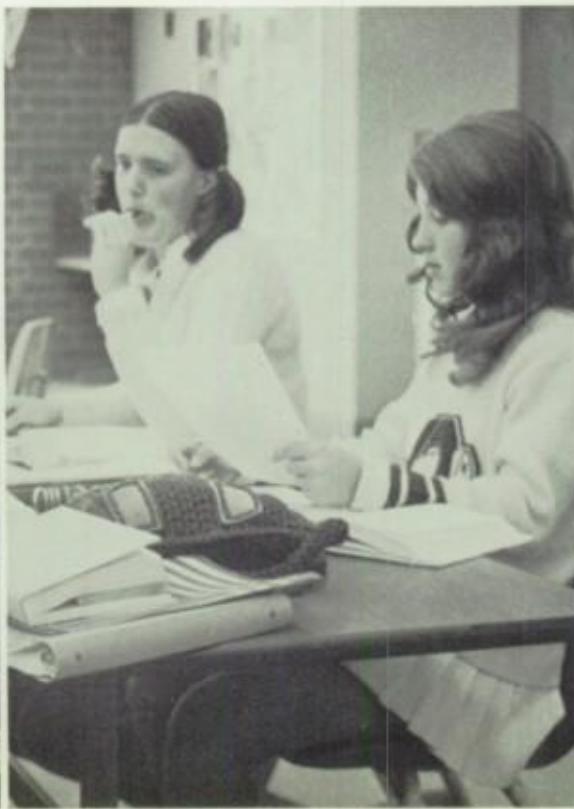

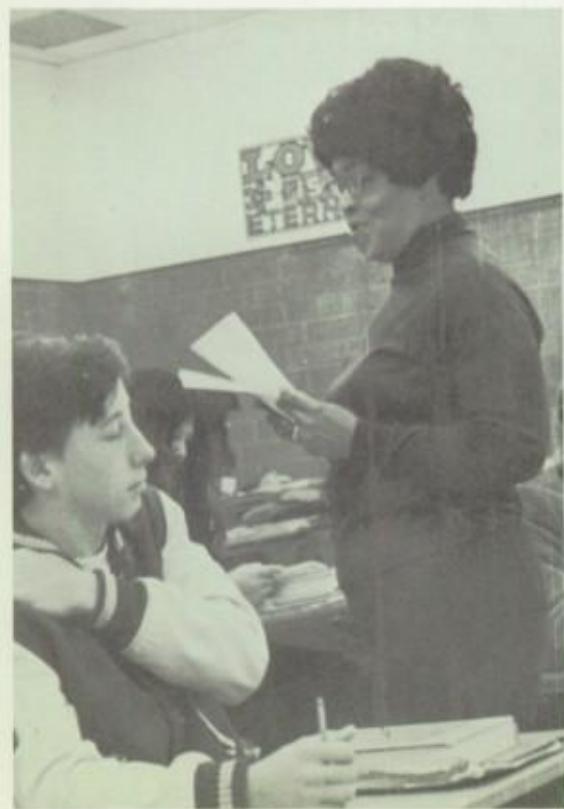

D R I V E R S E C A T I O N

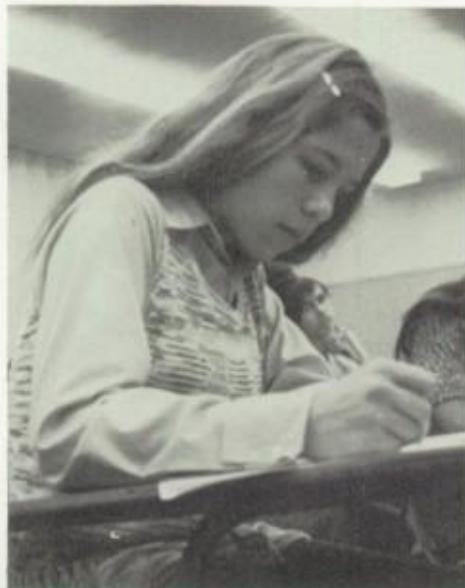

The English department is interested in developing the communication skills which are so vitally necessary in our complex society. This development centers around the listening, speaking, reading, and writing disciplines. Because of the electives in English it is now possible for a student to pursue a major in English. The electives provide a greater interest and they also allow the student to be exposed to many more areas of English instruction.

E N G L I S H

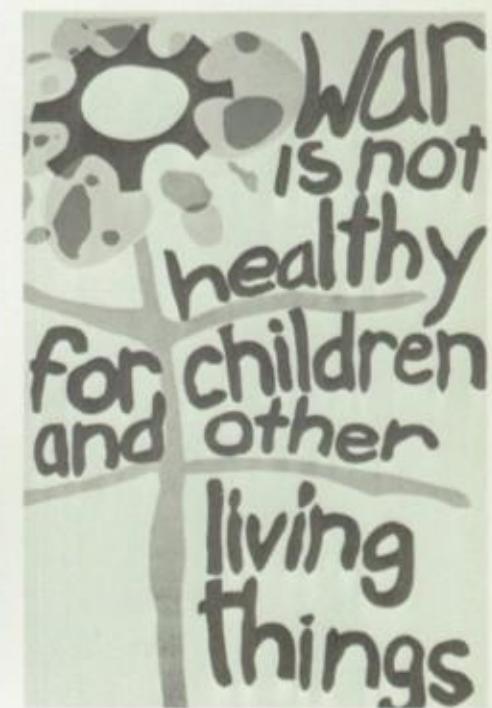

H I S T O R Y

The history department's goal is to instill a sense of pride in one's heritage, and to help students understand themselves and others better. Through the many history courses available, we hope the students will be made more aware of the problems facing the world each day, and that each student will learn from mistakes made in the past by our forefathers.

Mr. Chapman

H O M E

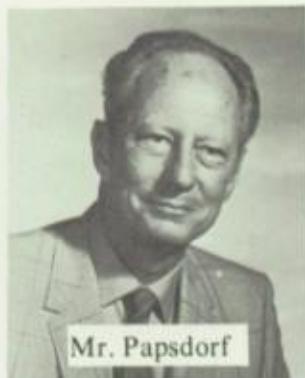

Mrs. Katzka

Ontario's Homemaking program tries to help all students, male and female, of every type and interest level. Homemaking education should make living at home a little easier, happier, and more efficient. It stresses consumer education, personality development, cleanliness and management, and infant care, as well as the conventional cooking and clothing classes. We also offer a vocational program in Food Services and Nursery Care. This enables students to gain experience in these fields.

E C O N O M I C S

I N D U S T R I A L A R T S

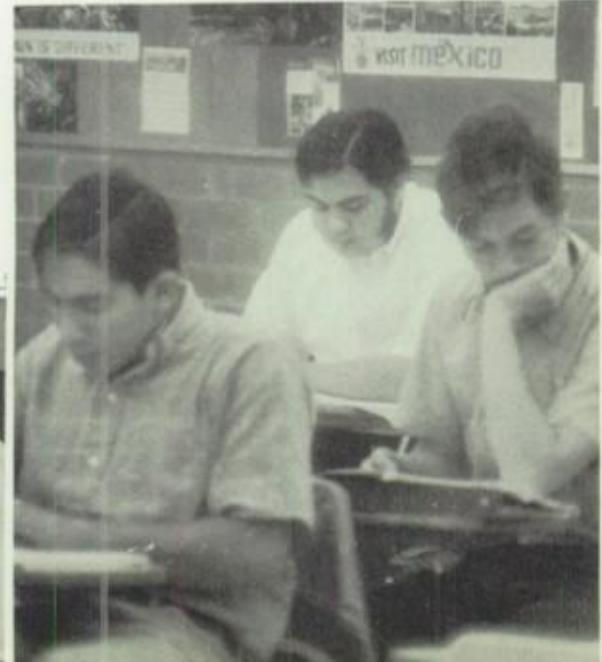

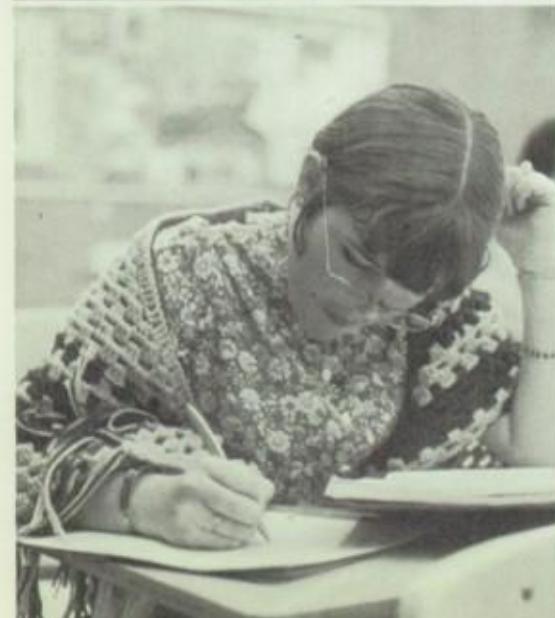

The Industrial Arts Department provides background training for future engineers and technicians, vocational training for those who will look for jobs upon graduation and an opportunity for others to do some craft work or shop work just to satisfy their own interest or curiosity.

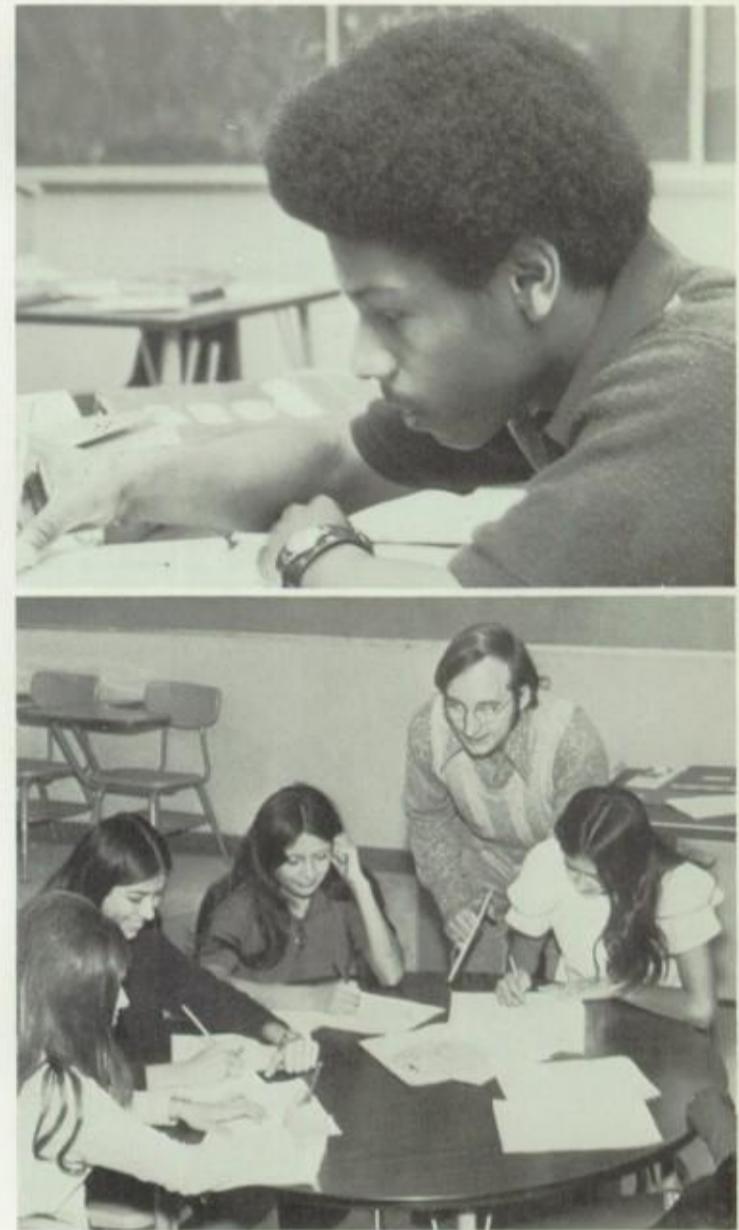

Ontario High has a French, Spanish as well as an English program for foreign students. We also have a Spanish program just for Spanish speaking students, since a high percentage of the students are of Mexican heritage.

The purpose of the French, Spanish and English programs are to stimulate interest in a foreign language and to give students some comprehension of how a foreign language operates. We feel that our entire program helps to prepare students for life in a world which is becoming increasingly conscious of foreign language.

L A N G U A G E

M A T H E M A T I C S

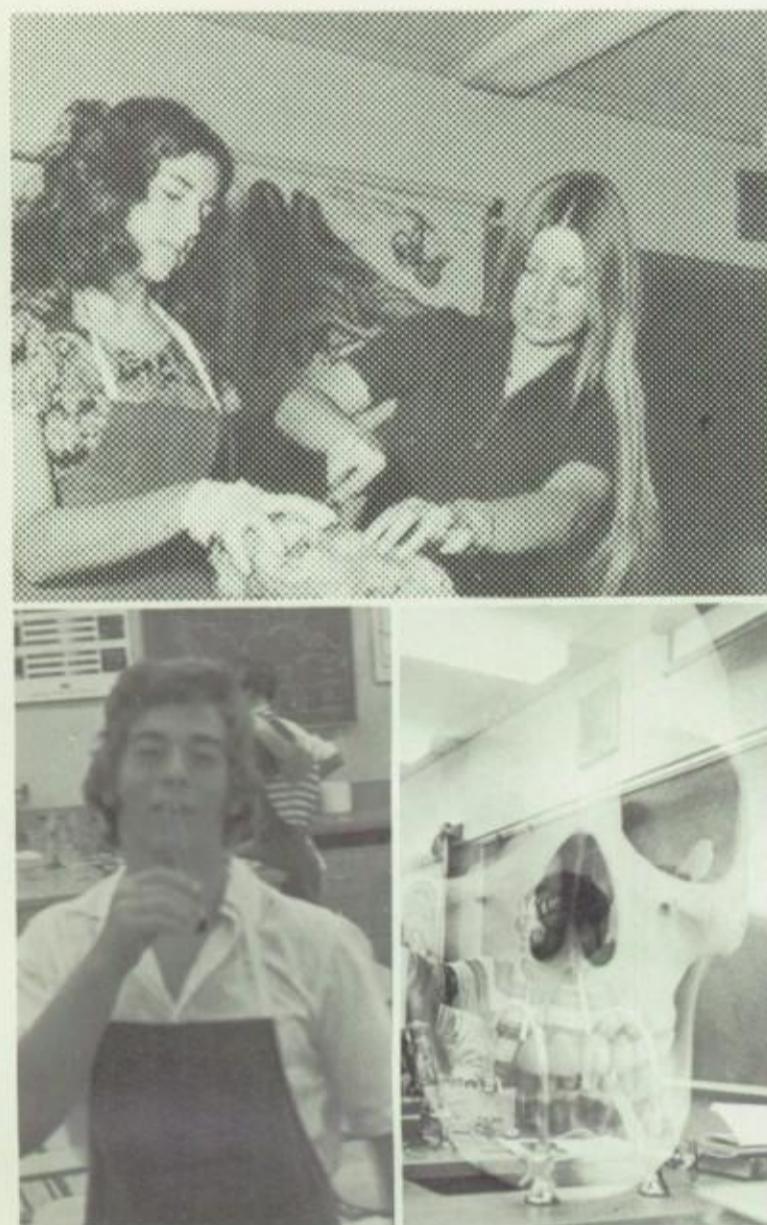

The Mathematics Department has two main objectives: to build in students a competency in mathematics, which will enable them to function effectively in society; and to offer a variety of courses that will prepare the students to enter mathematics, science, and engineering at college and university levels.

M U S I C

The music department tries to offer a wide variety of courses to the students. Instrumental students may choose from Orchestra, Beginning Band, Intermediate Band, Marching and Concert Band, and Stage Band. The vocal music division consists of Girl's Chorus, A'Capella Choir and Girl's Ensemble.

SCIENCE

The Science Department is working toward the kind of program that will provide meaning and relevance for each and every student who participates in it. It is equally concerned that sufficient science understandings and skills are developed in students so that they will be moved toward attainment of the goals each student sets for himself, whether he chooses to continue his formal academic training or not.

Mr. Petersen

SPECIAL EDUCATION

The Special Education Department's goals are to bring each student to awareness of his potential, and to develop, to the best of his ability, this potential. When the student takes his rightful place in society, then we will have achieved our ultimate goal: to help to build well-equipped individuals.

E.S.E.A AIDS AT ONTARIO HIGH

E.S.E.A aides from LEFT TO RIGHT: Verna Leggit, Sharon Kilpatrick, Rose Finklestein, Audrey Lewis, Margaret DeLaTorre, Jose DeLaTorre, Sjaan Markly, Alice Gonzales, Martha Espinoza, Flora Ayala, Rose Guerra, Dee Cole, Manuel Bocanegra

"You learn more when you work with people you know and like." This fact provided the basis for the "Care and Share" project at Ontario High School during the '71-'72 school year. The program was supported by our teacher aides. They not only helped individual students with subject matter problems, but also helped with the clerical work required for group grading and group awards. In many subtle ways they made sure that no student was "left" out" and that each student's choice of working partners was given full weight, They were helped in their endeavors by a giant computer at the Institute of Educational Computing of the near by Claremont Colleges; it preformed the difficult task of forming cohesive groups from student choices.

In-as-much as new choices of working partners were made every few weeks, many Ontario students found their circle of friends growing larger and larger.

Leadership ability and talent often began to flourish where it was not suspected. The biggest benefit to most students, however, came from the realization that the group they worked with really liked and admired them. Teacher aides, many of whom were completing their second year with the project, were sensitive to the "need of belong" that everyone has. They gained the deep respect of both students and faculty.

dear Janet
I believe that for
every drop of rain that
falls, somewhere a
flower grows.
Lots of love
Beth Kerr

them
are
as
good
as
you
are.
I
hope
you
will
be
well
and
have
a
good
summer.

To a sweet
girl I love
you have a
good summer

Susan
Richard

983-1120

I
hope
you
will
be
well
and
have
a
good
summer.

I
hope
you
will
be
well
and
have
a
good
summer.

I
hope
you
will
be
well
and
have
a
good
summer.

I
hope
you
will
be
well
and
have
a
good
summer.

I
hope
you
will
be
well
and
have
a
good
summer.

I
hope
you
will
be
well
and
have
a
good
summer.

I
hope
you
will
be
well
and
have
a
good
summer.

I
hope
you
will
be
well
and
have
a
good
summer.

I
hope
you
will
be
well
and
have
a
good
summer.
